

## DESCRIPTION

*Spek Stockless Anchors, weight ranging from 4.050 kgs to 13.500 kgs*

Spek anchors are described as ordinary stockless anchors and are one of the most popular products used on board. They are the second most used anchors in the commercial fleet after AC-14 Anchors. Therefore, we invest in and prefer to keep their stock up to 13.500 kg, certified by DNV and ABS, and manufactured according to IACS standards.
